TELOSA<sup>™</sup>  
SOFTWARE

**Telosa** commits to purchasing 100% of its energy from wind and solar generation sources through the City of Palo Alto Utilities' PaloAlto**Green** Program.

**ENVIRONMENTAL BENEFITS:**

**Telosa's** commitment to clean energy prevents, on average, the emission of 36,072 pounds of greenhouse gases from entering the atmosphere annually. This has the equivalent environmental benefit of removing 3.5 cars from the road or protecting over 13 acres of forest.
