Exceed! Premier 7.0 - New Features

New Campaign Management

Our new Exceed! Premier Campaign Manager sets the standard for tracking your next campaign. This highly customizable system allows you to tailor Exceed! Premier to your specific needs and drive results from your capital, major donor or other major campaign. Track all aspects of your campaign, from creating a Gift Range Chart, to setting goals for solicitors, and adding prospects to the campaign with individual ask amounts. Here's a list of just some of the great new features:

- Each prospect is tracked through the research/cultivation/solicitation/steward steps to enable you, your staff and your volunteers to manage your campaign tasks.
- Prospect research data can be integrated into the campaign to determine a donor's potential for giving.
- Assign multiple solicitors to one prospect, and multiple donations to one ask.
- Globally assign prospects to a specific campaign and globally assign specific ask amounts to a group of prospects.
- Six new campaign report and mailing options have been added to make the most of your campaign information.

Reporting Improvements

Analyze your constituent data more easily and with greater flexibility using the new reporting features in Exceed! Premier 7.0. With report drill-down capabilities, you can get greater detail on certain information within a report by simply clicking on the data in the report. And with more export options, a report can be sent to almost any format, including Excel, Word, PDF, HTML and more.

Improved Data Entry Forms

With our new resizable data entry forms, it's no easier than ever to customize Exceed! Premier 7.0 to your needs. You can dynamically increase or decrease the size of any data entry form, including the Master Bio and Gifts & Pledges screen, by simply clicking and dragging.

New Event Management Features

Do you need to know which event attendees have or have not bought tickets yet? What about marking attendees as paid even though someone else has paid for their ticket? With Exceed! Premier 7.0, dealing with these event management tasks is a snap. We have also added event payment information to several Event reports, including the Event RSVP List and the Event Group Assignments reports.
