Exceed! Premier Auctionpay Interface

Telosa's Exceed! Auctionpay Interface was created to help nonprofits easily manage fundraising events and share event information managed in Auctionpay, including registration, seating assignments, auction donations, and purchases. With the Exceed! Auctionpay Interface, you can rest assured knowing that all of your donor data will remain up-to-date, accurate, and inclusive of your event activities, such as who purchased which items at your auction and for what amount.

How does it work?

Easily export donor information from Exceed! Premier for use at events.

Manage your event in Auctionpay.

Import auction/event information back into Exceed! Premier and synchronize your donor information with event details.

Export your auction/event data from Auctionpay.

Prior to Your Event

Relevant donor information is transferred from Exceed! Premier to Auctionpay where the following details are managed:

- Registration
- Item procurement
- Seating and menu preferences
- Creation of bid sheets and auction catalogs

At the Event

The Exceed! Premier Auctionpay Interface efficiently records all winning bid information and creates on-the-spot bid receipts including item cost, donations and other event information.

After the Event

The Exceed! Premier Auctionpay Interface allows you to transfer all of your event details into Exceed! Premier for year-round access to event data. You can then generate reports and donor thank you letters from within Exceed!
